Basic Compliance Auditing for AVS Personnel Training

This three-day duration workshop teaches basic auditing skills and techniques. No prior knowledge of auditing is required. On completion of this course, participants will understand and be able to describe in their own words:

- The purpose of auditing
- How to plan an audit
- The preparation for an audit
- The elements of an efficient and effective audit
- Three quality management systems commonly found in aerospace organizations
- **Audit methods**
- **Audit tools and techniques**
- **Audit documentation**
- Auditor roles and responsibilities
- Audit reports
- Post audit activities
- Follow up and verification of audit corrective action

Note: Approximately 75% of the allotted time for this training course will be dedicated to the three outcomes underlined and in bold above.

Training Course Content

Day 1 - Morning

Introduction

Workshop Agenda
Workshop Introduction

Introduction to Auditing

What is a Quality System Audit?
Audit Purposes
Types of Audits
Guidelines for Auditing Quality Systems
The “Triangle” of Commitment
An Audit Exercise

Developing an Audit Program

Management of Audit Programs
Auditing “Must Do” Requirements
Implementing an Audit Program
Sample Audit Plan
Tracking Audit Results
Successful Audit Programs
Communication

Quality Systems

Process and System Model
Conceptual Framework of Quality Management Systems
Overview of Quality Management Systems found in Aerospace
ISO 9001:2000, ISO 9001:1994, AS9100
ISO 9001:2000 Intent Assignment

Auditor Characteristics, Roles & Responsibilities

Auditor Qualifications
Realities of Auditing
Auditor Characteristics
Roles
Audit Team Leader:
Auditor

Day 1 - Afternoon

The Four Phases of an Audit

The Basic Audit Process
What Auditors Look For
Four Phases of an Audit
Phase 1: Planning & Preparation
Planning Steps
Purpose & Scope
Individual Auditor Preparation
The Evaluation Process
Documentation Audit Exercise
Auditing Directions
Product Audits
Process Audits
Systems Audits
Audit Styles
Preparing a Process Audit Guidelist
Guidelist Exercise
Checking the Audit Plan
Phase 2: Conducting the Audit
Beginning the Audit – “Opening Meeting”
Gathering Evidence
Collecting Information
The Performance Phase
Perform “Systems” Audits
Human Relations in Auditing
12 Golden Rules of Audits
Audit Role Play Exercise

Day 2 – Morning

Interview Techniques
Types of Questions
A Questioning Sequence
Listening Skills
Case Study Exercise
Note Taking
Audit Notes Form
Notes on Flowchart
Mental Cues
Interviewing Exercise

Day 2 – Afternoon

Interviewing Practice
Nonconformity - Definition
Levels of Issues
Effective Audit = Objective Evidence
The Decision Process
Objective Evidence Exercise
Perception of “Facts”
Perception Exercise
Types of Audit Bias
Case Study Exercise

Day 3 – Morning

Phase 3: Closing the Audit
Closing Meeting
Processing Nonconformity Findings
Model for N/C Write-up
Writing Tips
Problem Statements
Reviewing N/C Statements
Audit Reporting Options
Nonconformity Review
Nonconformity Exercise
Finishing the Audit
Audit Summary Reports

Day 3 – Afternoon

Case Study Exercise
Phase 4: Post-Audit Follow-up
Post-Audit Follow-up Activities
2 Stages and 5 Steps of Corrective Action
Evaluating Corrective Action

Corrective Action Evaluation Checklist

Corrective Action Review Exercise

Management Review

Things to Remember

Training Course Wrap-up

Key Lessons

Appendix

Audit Plan Sample

More Listening Techniques

Audit Summary Report Sample

Welcome to Seattle

A twenty-minute drive from Kent, Washington, The City of Seattle is defined by air and water. The birthplace of the Boeing Airplane Company, Seattle has strong links with aviation. The Museum of Flight is a must visit for any aviation enthusiast. In the steel and glass great gallery, the history of aviation soars past, with dozens of full-size aircraft flying in formation six stories above. You can sit in the cockpit of a real SR-71 Blackbird or an F/A-18 Hornet, you can board America's first presidential jet—Air Force One, or walk through Concorde. From fly-ins to interaction with the people who made aviation history, The Museum of Flight has something for everyone. More information is available at www.museumofflight.org.

To the west of Seattle lies The Puget Sound; to the east Lake Washington and in the middle is Lake Union. Everywhere, the focus is on the water. Odyssey, the Maritime Discovery Center, The Seattle Aquarium, the Center for Wooden Boats and the waterfall fountains of Harbor Steps linking the waterfront to First Avenue. Seattle's maritime heritage began when the Klondike Gold Rush established it as a major Pacific port in the 1890s. Fisherman's Terminal is a working commercial fishing port, the Port of Seattle is vital to marine trade, and the urban waterfront is booming with commercial, retail and tourist ventures. Ferries crossing Puget Sound and seaplanes lifting off from Lake Union support an island culture in the San Juan's and on Vashon and Bainbridge Islands. Always listed in "Most Romantic Things to do in Seattle" is taking a ferry ride. Other popular visitor attractions include:

Seattle Waterfront West of Pike Place Market, Seattle, WA. With a knockout view of Elliott Bay, the hub of the city brims with Northwest goods and sea fare quirk.

Pike Place Market 1508 Pike Pl, Seattle, WA. A very popular open-air market.

Snoqualmie Falls 6501 Railroad Ave SE, Snoqualmie, WA. Lesser-known falls surpass Niagara in height, with breathtaking views of the Cascade Mountains.

Space Needle 219 Fourth Ave N, Seattle, WA. This sleek form has become the icon for Seattle.

Argosy Cruises Pier 55, Suite 201, Seattle, WA. If water, a cool breeze, and captivating views are calling your name, this just might be the ticket.

Ballard Locks 3015 NW 54th St, Seattle, WA. A short drive from downtown, this water-bound spectacle is a great place to get the feel for Seattle's maritime life.

Bill Speidel's Underground Tour 608 First Ave, Seattle, WA. A tour beneath Seattle's streets reveals the city's past

Safeco Field 1250 1st Ave, Seattle, WA. Open-air baseball stadium.

Training Facility Address, Map, Directions and Class Times

The *Basic Auditing for AVS Personnel* training program will be held at the Green River Community College, which is located in the Kent Business Campus Building. This three-day duration program will be scheduled on Tuesdays, Wednesdays and Thursdays. All classes will commence at 8:00am and conclude at 5:00pm. Lunch will be scheduled each day from 11:30am thru 12:30pm. Additional short breaks will be provided during the training class.

Training Facility Address:

Green River Community College
417 Ramsay Way Suite 112
Kent, WA 98032
253-856-9595

Training Site Contact:

Director of Training
Tel: 253-856-9595 Ext. 5022

Parking:

Ample free parking is available next to the Kent Campus Building.

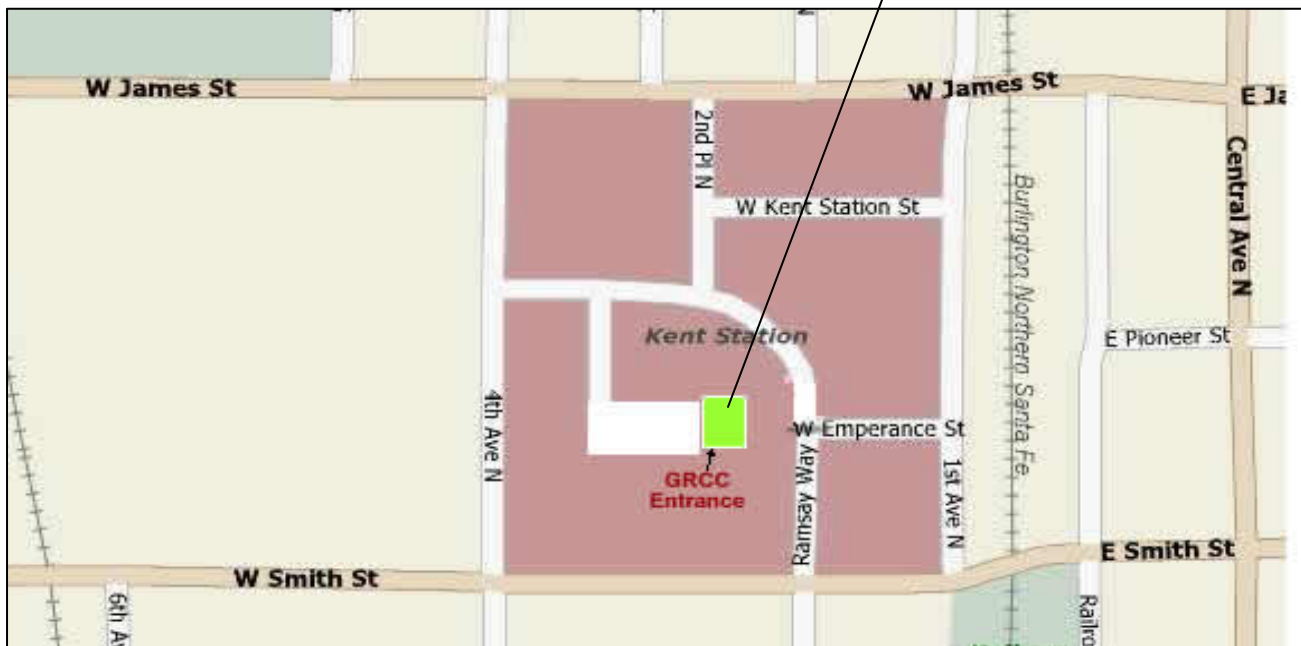

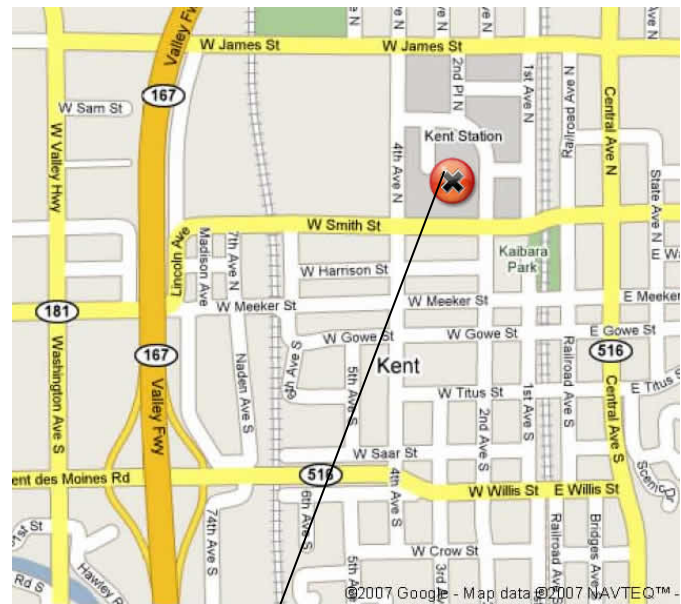

Map and Directions:

Southbound

1. From Highway 167, take the Willis Street exit. Take a left onto Willis Street.
2. Heading east on Willis Street, turn left (north) on 4th Avenue N.
3. Turn right on Ramsay Way.
4. Take the first right into a parking lot. Green River Community College is at the far corner of the parking lot.

Northbound

1. From Highway 167, take the Willis Street exit. Take a right onto Willis Street.
2. Heading east on Willis Street, turn left (north) on 4th Avenue N.
3. Turn right on Ramsay Way.
4. Take the first right into a parking lot. Green River Community College is at the far corner of the parking lot.

Instructor Biographies

Depending on the dates that you are scheduled to participate in the *Basic Auditing for AVS Personnel* training workshop, your instructor will be Clayton Kuehl, David J. Kinne or Mar Meyerhoefer. Biographical information for these ETI Group instructors is provided below:

Clayton Kuehl – Program Manager and Lead Instructor

Education: - BS, Physical Science, Oregon State University, 1987

Certifications: - Registered ISO 9000 Lead Assessor, IRCA, 1997

- SPC, Transformation of American Industry, 1988

Experience:

- Delivering Audit Training to Adults

Presented more than 80 on-site and public training workshops for ISO 9001, AS9100 and Basic Compliance Auditing. His recent aerospace industry clients include: Columbia Helicopters, Forward Looking Infra Read (FLIR Systems) Onboard Systems and Simplex Corporation.

- Audit Team Leader

Led Audit Teams in approximately 100 facilities for registration and/or compliance audits to ISO 9001 and AS9100.

- Compliance Audits in Aviation Related Organizations

Performed ISO 9000 and/or AS9100 compliance audits in aviation related organizations, including: Columbia Helicopters, Onboard Systems, Simplex

David J. Kinne Jr. – Senior Instructor

Education: - B.Sc., Biomedical Engineering, Colorado College, 1980

- MBA, Southern Illinois University, 1982

Certifications: - ISO 9000 Auditor, 1999, registration number US00914

Experience:

- Delivering Audit Training to Adults

Presented approximately 50 public and on-site training workshops for ISO 9000 and NQA-1 compliance auditing.

- Audit Team Leader

Led Audit Teams in approximately 30 organizations to audit for compliance to ISO 9000, AS9100 and NQA-1 standards.

- Compliance Audits in Aviation Related Organizations

Performed ISO 9000 and AS9100 compliance audits in aviation related organizations, including: Edmo Distributors, Flight Safety International, Kaiser Aluminum and Thales Aviation.

Mar Meyerhoefer – Senior Instructor

Education: - B. Sc. Manufacturing Engineering, Weber State University

Certifications: - British Standards Institute, Certified Lead Assessor, 1999
- Oregon Quality Award Lead Assessor, 1994
- AT&T - Malcolm Baldrige National Quality Award Assessor, 1993

Experience:

- Delivering Audit Training to Adults

Presented more than 50 public and on-site training workshops for ISO 9000 and AS91000 auditing.

- Audit Team Leader

Led Audit Teams in approximately 25 organizations auditing for compliance to ISO 9000, AS9100, AS9000 and QS-9000 standards.

- Compliance Audits in Aviation Related Organizations

Performed ISO 900, AS9100 and AS9000 compliance audits in aviation related organizations, including: Air-Oil Products, Artex Aircraft Supplies, Columbia Helicopters, FLIR Systems, Micropump, Onboard Systems and PECO Manufacturing.

ETI Group

Established in 1981, ETI Group is a leading training and consulting firm specializing in Process Management and Improvement. With specific regard to prior auditing experience, the firm has:

- *Provided ISO 9000, AS9100, TS16949, NQA-1, TL 9000 and ISO 13485 training and support services for more than 1,000 organizations.*
- *Trained 100,000 people in the tools and methods of quality management/improvement, including 40,000 people in the skills and techniques of compliance auditing.*
- *Guided 450 companies through the complete ISO 9000 / AS 9100 implementation process — all passed their certification audits at the first attempt.*
- *Conducted more than 1,200 ISO 9000 / AS 9100 / QS 9000 compliance audits.*
- *Been recognized by many organizations as a primary resource for Process Management System planning, training, implementation, and auditing support.*
