

**Lean Six Sigma Training
Black Belt - Green Belt – Yellow Belt
A Washington State Funded Program
Commencing September 8, 2022**

To date, fifty-four Washington-state based companies have benefited from their participation in this training program, achieving over \$90mm in savings and additional revenue generation.

To minimize time away from the workplace, this will be an instructor led, online training program, delivered in a series of half-day training sessions over a six-month timeframe.

If your company wants to dramatically reduce scrap, rework, defects, delays, and other forms of waste in your operations, contact ETI Group and we'll send you detailed information.
