

ISO 9001:2015/AS9100D

Instructor Led Online Internal Auditor Training

May 5, May 7, May 12 and May 14, 2020 (8:30am – 12:30pm)

Course Outline:

To successfully implement and maintain a quality management system a company must have an Internal Audit process and use trained auditors to perform the audits. Internal auditors are also a key element in quality system improvement. This 4-day duration workshop broken into 4 hour segments, teaches auditing to both the ISO 9001:2015 and AS9100D standards (**the AS9100D standard includes ISO 9001:2015 in its entirety**) and places a strong emphasis on promoting employee participation in the improvement process.

How You Will Benefit:

By the end of this workshop, you will be able to:

- Describe the goals and benefits of an internal audit
- Determine the requirements and plan an ISO 9001:2015 and/or AS9100 Rev D internal audit
- Develop an ISO 9001:2015 and/or AS9100 Rev D internal audit guide list
- Perform an internal audit, including how to:
 - audit against ISO 9001:2015 and/or AS9100 Rev D requirements that are less prescriptive and where audit evidence may be difficult to obtain
 - audit requirements that are more strategic in nature, such as top management leadership and commitment, organization context, risk management and organizational knowledge
- Identify nonconformity to requirements during an audit
- Report on an audit and follow up on corrective actions taken in response to audit findings
- Describe the actions necessary for maintaining a successful and compliant audit program

Who Should Attend:

People tasked with performing internal audits to the ISO 9001:2015 and/or AS9100D Standards.

Course Prerequisites:

A basic understanding of ISO 9001:2015 and/or AS9100D and your organization's Quality Management System would be beneficial but not essential to attend this course. A computer with Internet capabilities.
